CAREER OBJECTIVE

Motivated Computer Science and Engineering student with a strong interest in Software Engineering and Web Application Development. Experienced in developing academic and personal projects using Java, C++, C#, PHP, JavaScript, MySQL, and modern web technologies. Strong foundation in Object-Oriented Programming, Data Structures, Algorithms, database management, and software development. Seeking a Software Engineer Internship where I can apply my technical skills, contribute to real-world software projects, and further develop my expertise in backend and web application development.

EDUCATION

American International University-Bangladesh (AIUB)

Expected Graduation: Spring 2027

B.Sc. in Computer Science & Engineering (CSE)

Relevant Projects: Hostel Management System (C#) · Bus Ticket Management System (Java) · Lost & Found Management System (PHP/MySQL/MVC) · Web Application & REST API Integration (Next.js)

RESEARCH INTERESTS

Machine Learning, Data Science, Explainable AI, NLP

TECHNICAL SKILLS

Programming: Java, C++, C#, Python, JavaScript, PHP, SQL

Web: HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, Next.js

Software Development: Object-Oriented Programming, Data Structures & Algorithms, MVC Architecture, REST API Integration, Database Management

Database: MySQL

Tools: Git, GitHub, VS Code, XAMPP

Currently Learning: Spring Boot, Spring MVC, Spring Security, React.js, JPA/Hibernate

EXPERIENCE

Academic Mentor & Peer Tutor

American International University-Bangladesh | Jul 2023 – Nov 2026

- Conduct peer tutoring sessions for classmates and junior students.
- Explain programming, mathematics, and technical concepts clearly.
- Provide academic guidance and problem-solving support.

ACADEMIC PROJECTS

Lost & Found Management System — PHP, MySQL, MVC | [\[Live Demo\]](#)

- Developed a platform where users can report and browse lost/found items.
- Implemented item claiming functionality, allowing users to claim items reported by other users.

IEEE-AIUB Attendance Sheet Generator — HTML, JavaScript, Tailwind CSS | [\[Live Demo\]](#)

- Developed a responsive web application for generating attendance sheets.
- Implemented participant management with a live preview.
- Added PDF and Word document generation functionality.

AIUB Faculty Finder — HTML, CSS, JavaScript | [\[Live Demo\]](#)

- Developed a faculty search platform with room, floor, and TSF information.
- Implemented search and filtering for quick faculty lookup.
- Designed a responsive, student-friendly interface.

Web Application — Next.js / REST API | [\[GitHub\]](#)

- Developed web interfaces using Next.js and JavaScript.
- Integrated external REST APIs to retrieve and display dynamic data.
- Implemented responsive user interfaces using modern frontend technologies.

Hostel Management System — C# | [\[GitHub\]](#)

- Designed and developed a role-based hostel management application using C#.
- Applied Object-Oriented Programming principles to structure the application.

Bus Ticket Management System — Java | [\[GitHub\]](#)

- Developed a **Java-based bus ticket management system** using OOP principles.
- Implemented modular components for ticket booking, passenger management, and system operations.
- Applied classes, objects, inheritance, encapsulation, and other core OOP concepts.

ACADEMIC AWARDS

Champion – Idea Generation Segment, IEEE SPAVE 2025

- Achieved Champion in the Idea Generation segment at IEEE SPAVE 2025.
- Recognized for developing and presenting an innovative solution through collaborative teamwork.

CERTIFICATIONS

- Java (Basic) — HackerRank
- Problem Solving (Basic) — HackerRank
- Project Management — Coursera
- Cisco IT Essentials — Cisco Networking Academy

PUBLICATION

1. **Automatic Threshold Discovery in Lipid Ratios for Diabetes Risk Using Explainable Machine Learning**

Under Review - IEEE International Conference on Signal Processing, Information, Communication and Systems (SPICS) 2026

VOLUNTEERING

IEEE AIUB Student Branch | Mar 2025–Present

- Contribute as a Web Team member, supporting website and technical activities.
- Assist the Event and Logistics Teams with event coordination and technical setup.
- Provide IT support for events, workshops, and organizational activities.

AIUB Computer Club (ACC) | Nov - Dec 2025

- Volunteered in organizing Cyber Gaming Fest 2025 and assisted with event operations and participant coordination.
