SUMMARY

Computer Science & Engineering student (graduating Spring 2027) with hands-on experience building web applications in Java, C++, C#, PHP, JavaScript, and MySQL. Strong foundation in OOP, data structures, algorithms, and REST API integration. Seeking a Software Engineer Internship to contribute to real-world backend and web development projects.

TECHNICAL SKILLS

Languages: Java, C++, C#, JavaScript, Python, PHP

Frameworks & Web: React.js, Tailwind CSS, REST APIs, Spring Boot (learning), Next.js (learning)

Databases & Backend: MySQL, MVC Architecture

CS Fundamentals: OOP, Data Structures & Algorithms, Software Engineering

Tools: Git, GitHub

EXPERIENCE

Web Team Member | IEEE AIUB Student Branch

Mar 2025 – Present

- Maintain and support the branch website and technical activities as part of the Web Team.
- Coordinate events with the Event and Logistics Teams and provide IT support for workshops and activities.

PROJECTS

Lost & Found Management System | *PHP, MySQL, MVC*

[\[Live Demo\]](#)

- Deployed a full-stack platform using MVC architecture that lets users report, browse, and claim lost and found items.
- Implemented a claim workflow connecting item finders with owners.

IEEE-AIUB Attendance Sheet Generator | *HTML, JavaScript, Tailwind CSS*

[\[Live Demo\]](#)

- Developed a responsive web app for IEEE-AIUB attendance management with participant tracking and live preview.
- Added PDF and Word export so organizers get print-ready sheets.

AIUB Faculty Finder | *HTML, CSS, JavaScript*

[\[Live Demo\]](#)

- Built a faculty finder with room, floor, and TSF information, featuring search and filtering for quick faculty lookup.

Dynamic Data Dashboard | *Next.js, JavaScript, REST API*

[\[GitHub\]](#)

- Developed responsive Next.js interfaces that integrate external REST APIs to fetch and display dynamic data.

Hostel Management System | *C#, OOP*

[\[GitHub\]](#)

- Designed a role-based hostel management application, structuring the codebase with object-oriented principles.

EDUCATION

American International University-Bangladesh (AIUB)

Expected: Spring 2027

B.Sc. in Computer Science & Engineering

CGPA: 3.XX / 4.00

Chowmuhan Government S A College

2020 – 2023

Higher Secondary Certificate (HSC)

GPA: 4.XX / 5.00

AWARDS & PUBLICATION

Champion, Idea Generation Segment – IEEE SPAVE 2025: recognized for presenting an innovative solution through collaborative teamwork.

Publication (Accepted): M. S. Uddin, F. Chowdhury, and K. Nur, “Automatic Threshold Discovery in Lipid Ratios for Diabetes Risk Using Explainable Machine Learning,” in *IEEE Int. Conf. on Signal Processing, Information, Communication and Systems (SPICSCON)*, Natore, Bangladesh, Aug. 2026, in press.

ADDITIONAL INFORMATION

CERTIFICATIONS

- Java (Basic) — HackerRank [\[Certificate\]](#)
- Problem Solving (Basic) — HackerRank [\[Certificate\]](#)
- Project Management — Coursera [\[Certificate\]](#)
- Cisco IT Essentials — Cisco Networking Academy [\[Certificate\]](#)

VOLUNTEERING

IEEE AIUB Student Branch | Mar 2025 – Present

- Contribute as a Web Team member, supporting website and technical activities.
- Assist the Event and Logistics Teams with event coordination and technical setup.
- Provide IT support for events, workshops, and organizational activities.

AIUB Computer Club (ACC) | Nov–Dec 2025

- Volunteered in organizing Cyber Gaming Fest 2025 and assisted with event operations and participant coordination.
